

# SONAL KANDHWAY

Product Design Leader | UX Strategy | Enterprise SaaS | Design Systems

Noida, India | +91 95994 25492 | kandhwaysonal12@gmail.com | [LinkedIn](#) | [Portfolio](#)

---

## PROFESSIONAL SUMMARY

---

I'm a Product Design Leader with 13+ years designing enterprise products across SaaS, Healthcare, FinTech, HRTech, and B2B platforms. I've led 8+ products end-to-end — from early discovery through developer handoff — working across web, responsive web, native iOS, Android, and hybrid mobile. I currently lead a team of five designers at The Higher Pitch, running design across clients including Oracle, EXL, HCL, Mastech.

HFI-CUA certified (Certified Usability Analyst, Human Factors International). That certification isn't a line on a resume for me — it changed how I think about usability as evidence rather than opinion, and I use the frameworks in client work daily.

I care about design systems that actually get adopted, research that changes decisions, and accessibility built into the brief — not retrofitted at handoff. I use AI tools daily: Claude, ChatGPT, Galileo AI, Uizard, Figma AI — to compress rote work and spend more time on the decisions that actually matter.

## CAREER SNAPSHOT

---

- 13+ Years Experience
- 8+ Enterprise Products Delivered
- Led & Mentored Team of 5 Designers
- 7+ Enterprise Clients
- Platforms: Web, Responsive Web, Native iOS, Android & Hybrid Mobile
- Domains: Enterprise SaaS, Healthcare, FinTech, HRTech & B2B

## CORE SKILLS

---

Product Strategy • UX Strategy • User Research • Information Architecture • User Journey Mapping • Wireframing • Prototyping • Interaction Design • Design Systems • Accessibility (WCAG) • Enterprise SaaS • Native Mobile Design • Hybrid Mobile Applications • Responsive Web Applications • Stakeholder Management • Cross-functional Collaboration • Team Leadership • AI-Augmented Product Design

## ENTERPRISE CLIENTS

---

Oracle • MedGenome • EXL • HCL • Vodafone • Mastech • Eldermark

## TOOLS

---

**Design:** Figma, FigJam, Sketch, Axure RP, Miro, Photoshop

**AI:** ChatGPT, Claude, Galileo AI, Uizard, Figma AI, Lovable, Google Stitch

**Collaboration:** Jira, Notion

**Development:** HTML, CSS

## CERTIFICATIONS

---

- HFI-CUA – Certified Usability Analyst
- Foundations of User Experience (UX) Design — **Google / Coursera**
- Human-Computer Interaction — **Interaction Design Foundation**
- Design Psychology for UX

- Using AI in the UX Design Process

## PROFESSIONAL EXPERIENCE

---

### Senior UX/UI Manager | **The Higher Pitch** | Sep 2021 – Present

- Lead a multidisciplinary team of 5 designers delivering 8+ enterprise SaaS products across Healthcare, FinTech, HRTech, and B2B domains.
- Partner with Product Managers, Engineering leaders, and business stakeholders to define product strategy, prioritize opportunities, and align user needs with business objectives.
- Own the end-to-end product design lifecycle — from discovery, user research, and information architecture through to prototyping, developer handoff, and design QA.
- Established scalable Design Systems with reusable components, interaction patterns, accessibility standards, and documentation adopted across multiple enterprise products.
- Mentor designers through structured coaching, design reviews, and career development, fostering design excellence and continuous learning.
- Drive AI-augmented design workflows using ChatGPT, Claude, Galileo AI, Uizard, and Figma AI to accelerate research, ideation, UX writing, and concept exploration.
- Champion usability, accessibility, and design quality across web, responsive web, native mobile, and hybrid applications.

### Senior UI/UX Designer | **QSS Technosoft** | Sep 2018 – Aug 2021

- Led end-to-end UX design for enterprise SaaS and healthcare products across iPad, mobile, and desktop platforms — covering multiple product modules from concept through delivery.
- Designed for Eldermark's EMAR (Electronic Medication Administration Record) module — a safety-critical, regulated platform for senior-living communities used by caregivers, administrators, and clinical staff across iPad and desktop.
- Also worked on POC modules and additional Eldermark product modules, designing consistent multi-platform experiences across different device contexts and user roles.
- Defined user journeys, information architecture, wireframes, prototypes, and high-fidelity interfaces for healthcare and B2B enterprise products.
- Worked closely with engineering teams on pixel-accurate implementation and consistent design quality across web and mobile platforms.

### Senior UI Designer | **Software Assurance LLC** | Apr 2015 – Aug 2018

- Designed responsive enterprise web and mobile solutions for international clients.
- Conducted usability reviews and collaborated with development teams to improve product quality and implementation.

### Web Designer | **Intelegencia** | Apr 2013 – Dec 2014

- Designed responsive websites, marketing assets, and visual interfaces across multiple client engagements.

## EDUCATION

---

Diploma in Designing | **Arena Animation Academy**

Bachelor of Commerce | **Vinoba Bhave University**
